## 6 - PROJECT PROFILE - Homeopathic Training College & Homeopathic Hospital

Sector	Training Institute
Geographical Location	5 Acres state owned land at Kalawana
Responsible Agent(s)	Investor, BOI etc..
Project Description & Rationale /Objectives	<p><b>ESTABLISHMENT OF A HOMEOPATHIC TRAINING COLLEGE &amp; HOMEOPATHIC HOSPITAL</b></p> <p>The project aims to construct and operate a Homeopathic Training Institute with all facilities inclusive of a Hospital in Sri Lanka.</p>
Project Size	<p>USD 5.0 Mn</p> <p>Private investors are encouraged to undertake construction and management of the Homeopathic hospital with Government supervision.</p>
Proposed Procurement Process	<p><b>Investment Model</b></p> <p>Foreign Direct Investment</p>
Planned Start Date	<b>Project can be initiated with immediate effect</b> , by submission of a proposal to the Board of Investment of Sri Lanka
Project Documentation	<p>A large portion of the population in Sri Lanka is reported to be heavily dependent on indigenous medicine to meet their health care needs. Homeopathy being one safest and cost effective system of medicinal practices all over the world, there is an increasing demand for its professional service. Since there is no Homeopathic Training Collage in Sri Lanka, students who wish to study this system of medicine go to neighboring countries such as India and Sri Lanka at a great cost to the country.</p> <p>The project will enhance the facilities available in the country for studying homeopathy and more local students who are willing to learn this system of medicine at much less cost. It will save a significant amount of foreign exchange.</p>
